

C36i

Tablet, Laptop & Chromebook Charge Cart

Featuring AVer's intelligent charging system and extra-large slots, the C36i can charge and store up to 36 devices. Rest easy knowing that the C36i's durable steel front door with a three-point locking mechanism will keep all your tablets, laptops and Chromebooks safe and secure. Enjoy the unparalleled convenience of the C36i's handy storage compartments, LED charging status lights, and 2 external AC power outlets.

Adjustable slot design

Customizable charging slots give you the freedom to store a wide variety of tablets, laptops or Chromebooks – even with their protective covers. The partitions are easily removed to afford greater flexibility for storing large items, such as AVer visualizers, while repositionable cable clips make cable management completely painless.

Intelligent charging system

C36i's intelligent charging system optimizes total charging time by dividing devices into three zones, dynamically evaluating the power demand of each zone, and efficiently allocating electrical current to the zone that needs it most. 4 LED status indicators keep you up to date on each zone's charging status.

Easy loading and charging

The storage bays on the C36i can be adjusted to fit the widest mobile devices and laptops, and are arranged on two slide-out shelves mounted on industrial-grade rails, easing management and providing for friendly usage.

Innovational cable management

Power adapters are stored in individual compartments for added convenience, while the C36i's cutting-edge cable technology secures cables from slipping out of place and keeps them neat and organized.

Safe and secure storage

The C36i protects against theft and vandalism with its durable steel construction and a 3-point locking mechanism on the front door. No longer will you have to worry about your valuable ICT investment being damaged or lost!

C36i

Tablet, Laptop & Chromebook Charge Cart

product specifications	
storage/charging capacity	up to 36 iPads, tablets, Chromebooks and / or laptops under 14"
LED status indicators	solid blue: charging
lockable doors	yes, front door with three-point lock
storage shelves	two 18-bay shelves
sliding shelves	yes
cable management	Individual AC adapter compartments and secure cable channel
security hook	yes
swivel casters	yes, four 5" casters (2 lockable)
intelligent charging system	yes
auxiliary power outlet	yes, 2 country-specific AC auxiliary outlets two different power specification provided by region: AC 220V~240V, 50/60Hz, 2A AC 100V~120V, 50/60Hz, 4A
power system	3 grouped power strips with independent circuit overload protection two different power specification provided by region: AC 220V~240V, 50/60Hz; input: 8A, output: 6A AC 100V~120V, 50/60Hz; input: 12A, output: 8A
slot dimensions (W x H x D)	W = 34mm (1.34") H = 260mm (10.24") D = 360mm (14.17")
cart dimensions (W x H x D)	W = 977mm (38.47") H = 880mm (34.65") D = 600mm (23.62")
cart weight	80kg (176.4lbs)
warranty	10-year limited warranty for cart and trays 5-year limited warranty for electrical parts
