Gel frame holder and accessory
slot for optional barn doors

Photon Multi RGB

LEDNIT141

Compact LED COB par, featuring:

- RGB "Chip On Board" LED array allows for creating fully homogenised saturated colour mixes.
- Interchangeable magnetic lens attachment system for easy selection of 25° or 45° beam angles
- Rugged and lightweight die-cast housing
- Fanless design achieves silent operation
- High-frequency LED modulation for flicker-free video playback
- Built-in sound-active and auto (stand-alone) programs
- Four selectable dimming curves
- Manual dimming and colour mixing via onboard menu
- Power In and Out connections for linking multiple units
- Gel frame holder and accessory slot for optional barn doors
